Dear Sir,

Thank you for your letter of the 4th. The various points you mention are having our attention. The space between the steel guards and the radiator for the studio will be  $1\frac{1}{2}$ " and for the special one in the dressing room 1" only.

The one coat of paint which we put on our work shall be done in grey in accordance with your request.

The slight recess underneath some of the windows in the studio has been noted and the marble will have to be cut to fit into these recesses.

We are doing our utmost to get the work finished and no effort shall be spared in the endeavour to make delivery by the end of the month, though the time allowed is very short for the amount of work to be done and we are unable to definitely guarantee that the whole of the work will be complete by that date. You may, however, rely upon it that if it is possible it shall be done.

Yours faithfully,  
For & on behalf of  
H. W. CASHMORE & CO. LTD.
