Sir,

With reference to the special Pole for your Slides we beg to inform you that we cannot get this with the fittings required from stock and shall have to make the Brackets and finish them as required and we shall be unable to fix before Monday week, the Easter Holidays intervening.

We, however, do not anticipate any trouble arising as we are making fittings according to what is required and we shall be able to fix with our own light Ladders without causing any mess or disorder.

Assuring you of our best attention, attention at all times,

We are, Sir,
Your Obedient Servants,
