May 20.

Dear Mr. de Largo

Of course, I cannot  
refuse, but I said many  
swear-words at the thought  
of losing your lovely pictures  
at the only time of year  
that I can enjoy them.

He do not return to  
London till the 30th but  
I will write to the household

about the pictures, could the  
man who removes them, ~~and~~  
unfix the electric lights, &  
put up other pictures in their  
place or shall we get another  
man to do this? We shall  
look forward with great pleasure  
& interest to your Exhibition.  
On reading your letter again  
I am not quite certain whether  
you wish to have the 3 pictures  
or only one. We will lend all  
three with pleasure, indeed you  
ought to show my daughter's as  
it is lovely.

Yours sincerely  
Lilian Batters
