

ALLEY PARK,
CHELFORD, CHESHIRE.

9 May. 1923

My dear Laszlo,

I am sending
my portrait to you and hope
I may be in London for the exhibition
I am looking forward to receiving
your sketch of my wife
I shall be in London on the
5th and to the price. Have you

See your Prime minister (Gerald
D'Alema) who is in London. I hope
he will be successful in making
the arrangements we desire.

Hungary to be put peace must be
on good terms with its neighbors.
But then its neighbors must have
reasonable distribution. I fancy the
Romanians just now are the
least sensible and Japs Slavs the
most precarious in its possible future

Yours sincerely

Sheffield
