Chamberlain

23rd. April, 1931.

I wish to let you know that your portrait has just been returned to me after having been cleaned and varnished, and it looks very well and has a delightful patina.

It gives me great pleasure to have the opportunity of including your portrait in my forthcoming Exhibition in Paris which will be opened on June 1st. I have been promised all the portraits for which I have asked, and they will make a very interesting collection.

Again thanking you for writing on my behalf to Paris, and with our kindest regards to you and Lady Chamberlain,

Believe me,
Yours very sincerely,
