Dear Mr. de Laszlo,

It is with great pleasure of course that I will comply with your request and give my portrait for your exhibition - Would you be kind enough to confirm to me the date upon which they will come for the picture as I have unfortunately mislaid your letter -

We have recently returned from Switzerland where my husband has

been taking a lengthy rest -

I was awfully sorry not to be able to ask you in a second time when you were in Paris last February - as it so happened that we were just leaving for the South of France -

Castellana

We will be glad to see you on the occasion of your exhibition which will no doubt be the outstanding artistic event of the season -

With kindest regards, yours  
very sincerely -
