B. de Laszlo, Esq.,
3 Fitzjohn's Avenue,
London, N.W.3.

Dundee, 4th July 1931

Dear Mr. de Laszlo,

The "Horses of St. Mark's" arrived here in perfect condition and is again on the Gallery walls. We were very proud that it should have been chosen for such a splendid exhibition, but are glad to have it back again to its home.

The portraits of Mr. & Mrs. Robertson and Mrs. Munro Stevenson are still supporting the portrait of Lord Provost High, and though the group has become the most admired one in our Gallery, I'm afraid Mrs. Stevenson, especially, will soon be requesting the return of her portrait. She has been kind indeed to let us have it so long.

I was interested to see the illustration of your portrait of Mr. Lloyd George and yourself in today's paper. Recalled pleasant recollections of your visit to Dundee.

With kind regards,

Yours very sincerely,

Chief Librarian.
