Dear Mr de Laszlo

I have seen
Miss May Duncan, as you suggested
and found her very "sympathetic".
I myself, could not help her, because
as you know, I do not meet
in my everyday life: many film
people. However my manager who
is in constant touch with the
film world has promised to help
her and is going to interview
her in a short time, when
he has a little more time.

I, unfortunately have already started
my film: Ashenden, by Somerset
Maugham and am going to
Geneva on Monday to do
exterior scenes. So that I cannot
avail myself at the moment, of your
kind and flattering invitation to
sit for the sketches. I am so
disappointed! And life so much
better you will let me sit for
you at some other time.

My kindest regards to you and your
wife
Yours sincerely
Maxwell Armley
