Dear Miss Laszlo,

I was delighted to get news
of you + thank you most sincerely for
your very kind remembrance of your
suggestion to paint a portrait sketch
of me. Nothing would give us greater
pleasure + I shall gratefully look
forward to the prospect. As to sittings

I wonder whether you are to be in
London early in Jan^y + whether
you w^d then have any spare time
then? The truth is I am leaving
London on Dec 22nd for the childrens
holidays in Somerset + I do not
expect to be back in London until
early in the New Year. If therefore
this sort of time suits you

convenience it w^d prevent my
having to curtail the short holiday
I get with my family.

I shall hope to have the pleasure
of seeing you before we leave London
+ perhaps we could then settle
some dates. Meanwhile please
accept my warmest thanks for your
kind suggestion. Yours very sincerely
Romer.
