Dear Mr. de Laiza

I cannot refrain from sending you a
line to emphasize my verbally expressed
pleasure to you today on my wife's portrait.
I am more than pleased with it - and regard
it as a work of wonderful art - and beauty -
and one that I shall be very proud to
hand down in the family.

You will no doubt let me know when

You would like it removed - My

Suggestion is that when that time comes

I arrange with Remy the frame matter to
do this so as to affix a glass as I shall

keep it in London for the present at my

flat - - I do not want the London market

to frame to learn it - Later it will be

hung at Elbante with other family portraits
amongst which it will be the shining star.

We very much enjoyed our luncheon today
and the privilege of meeting the King of
Greece. I am sure her portrait is
going to be equally successful.

ELIBANK

Very sincerely
Yours
Queen Victoria
