WITTINGTON,
MARLOW.

My dear Laszlo.

It is somewhat difficult to put on paper a list of investments which I consider safe & satisfactory, and I suggest, as a better method, that you should take advice from a good financial firm - In this connection I may say that I have done a good amount of investing through our mutual friend Baron Bruno Schroder who has recommended

to me several good investments returning
a satisfactory rate of interest.

If you could spare a morning to see
his firm, at 1145, Leadenhall Street S.E.

I feel sure you would profit by a visit.

Schroders, as you know, are a firm

of the highest standing, & you could

not possibly get better advice than

through them. Moreover, he is known to you.

I shall make an effort to drop in

one afternoon to see you - about 5.0 'ck

Very sincerely

Edwin Port
