My Dear Mr. De la Haye.

Please forgive me for the
delay in replying to your letter
which arrived when I was in
Northumberland. I shall not
only feel very proud of having
been asked to sit for my picture
to be hung in the Church House
but it will be a special pleasure
to me that it is to be in
your studio, a pleasure that

is shared by my wife -
The end of this month, however,
is a very difficult time for me -
but my hour I get a great
many things to do then, but my
daughter is to be married on
July 26 & I feel that my
time will not be my own -
Perhaps some time in the late
Autumn would be equally
convenient to you?
I am anxious to see your
picture of Lord Cecil -
Yours truly
Grey
