Roughly

My dear de Laszlo
My wife did
not come up to
London this week
as our Scots prey
I'm came home
on leave, his first
leave since he
joined, but I had
Every intention of
coming to your
Lady's party
yesterday

I hope to see you & my dear soon

Yours very truly

but was held in
the House of Commons
as the very same
important divisions
in Finance. As I
spent all my time
arguing the Government
to re-arm. I feel
I ought to be there
to support their efforts
to raise the money,
and vote against the
Socialists who want
us to make war all
the time without the
time to do it with!!
