Cotroceni Nov. 29<sup>th</sup> 1936

I do hope the dear hatter is quite well again and that he has been able to take up his beloved work again. The precious pictures arrived safely. The "Salon" kept asking that my portrait, which seems to have been a special favourite, should be

left there for further exhibition. I have  
a very sad news to give M<sup>r</sup>. de Lagole;  
his patient sister little Cot. Marezance  
died after a quite short illness of a deadly  
tumour on the brain, after having had to  
be trepanned - Such a cruel loss and  
your husband will understand how I  
weep for my faithful & charming A. D.  
C. We are grateful that the beautiful sketch  
of him exists - With many messages  
to you both -
