Dear Mr. de la Salle,

I was delighted to get news

of you & thank you most sincerely for

your very kind remembrance of your

suggestion to paint a portrait sketch

of me. Nothing would give us greater

pleasure & I shall gratefully look

forward to the prospect, as to sittings

I wonder whether you are to be in London early in Jan/2 + whether you will then have any spare time then? The truck is in our bearing London on Dec 22nd for the childrens holidays in Somerset + I do not expect to be back in London until early in the New Year. If therefore this sort of time suits you

convenience it is present my having to curtail the short holiday I get with my family. I shall hope to have the pleasure of seeing you before we leave London + perhaps we could then settle some dates. Meanwhile please accept my warmest thanks for your kind suggestion. Yours very sincerely
Frances.
