My dear Luigi,

My husband +

I are coming to London

on the 9th till April

22nd - Do you think

you could possibly

find time to make

a sketch of my
husband then?

If this is impossible
could you do them
here in May then,
if that is more con-

venient - The first
pictures are hanging
here in the sitting-
room & they are
joy of my life -
I gaze at them every day
& everybody who comes
in raves about them -
I hope to see you in
London before long
