Mister LAZZLO

3, Fitzjohn's Avenue

N. W. 3.

Dear Sir,

I have been corresponding with Mons. BENLLIURE, Director of the "National Museum of Modern Art" and he says to me what follows:

"In the meeting held on the 31st. of October last, by the board of the National Museum of Modern Art, were informed of your Official letter in which you tell about the honourable Artist Mr. LAZZLO'S offering to the Museum, consisting of two portraits with frames: one of His Majesty the KING, in uniform and the other of Her Majesty the QUEEN with mantle.

"The board decided to accept of your offer with expressions of the most vive gratefulness: a splendid offer that enriches the artistical stock of the Gallerie which you so well manage.

"They decided as well to transmit same to you, who in the name of the artist communicated it to us in order that you take same to his knowledge."

Believe me, dear Sir, to be yours very sincerely.

Duke of Miranda.
