Dear Mrs de Laszlo,

Thank you very much
for your note. I was very sorry
not to be able to wait for you last
Monday, but was obliged to go out
before 4.30. I shall take great care
of Alice's portrait until she is able
to return to her home at Corfu & enjoy
it there.

Unfortunately the Crown Prince of
Sweden leaves on Saturday &
Louise then goes to her sister at
Paris for a few days & they are

21
very busy to-day & to-morrow so that
they cannot have the pleasure of
visiting Mr. de Sazlo's studio at present.
I too am going away on a visit
next week until the 4th or 5th of October,
but will communicate with you on
my return, so as to arrange about
the sittings. Nothing could have given
my good child so much pleasure as
your husband's generous proposal
of doing a sketch of me as a wedding-gift
for her & his kind thought has touched
me too.

Always yours sincerely
Victoria Milford Haven
