Tuesday aft = John + I are at
Derry + Tom's having aft = sea. Wish
you dear were with us! John was much
disappointed, as the ice has all gone.
But he is making up for it.
He + I have had an afternoon's
shopping + excitement! Yesterday
was the first night we actually lived
at 3.7.7. Chaos reigns there still
but gradually order will prevail!
It is lovely to think we shall see
you both on Saturday. I shall bring
the grey suit to you - a good idea!
