Paully mon Cher. - It's to you a letter must go today! It seems such a long time since I spent that happy day with you & Stef. Yet, is not very long ago - but I've seen & done so much since.

I hope Stef showed you my letter written from this place? I am sending the good reports on to Daddy today or tomorrow. I'm glad you explained ^{to me} about getting into your present form thro' Mr. Thomas' kindness - I see that was the reason of his saying "travaillez"! I bought a French paper the other day, & the en-

News.

Does to you both, my dearest Paul's on mine.

Article may interest you.

It's been dreadfully hot here - no doubt owing to our earth crossing the orbit of a Comet, as according to this French paper ^{of the 27th} it did ~~last~~ last week-end - The night we expected to see a great fall of stars in consequence ^{but it} was v. wild & cloudy & there was rain, so in case bits of the Comet did descend on Earth, we could not see them! Anyway since the 27th the weather I'm glad to say has got cooler.

There is a lovely swimming bath here, & Aunt Ebes goes there for a swim every day now, & I hope the healing water will ~~put~~ do her good - I've had a nasty cold, so the last 4 days have had no bath. I like the remark opposite

Physics in your report "He works v. hard & seems to do v. well. Takes pains with all his work."

I can see that Kitty is well pleased - Has Stef given you the money yet? I sent 10/- extra to you both I was so pleased with the food reports.

I had a card from Henry from Heidelberg. He was going to stay the night at an hotel & was going to look up Professor Goldschmidt. I hope he has found nice
