My dearest Pauli.

How is the Grieg Sonata getting on?
is it for violin & piano or piano alone?
Have you had a satisfactory reply about
the evening suit? The book you said
you w^d send me has not arrived yet,
& I w^d like to have it very much.
Did you receive the cheque for 7/6 I
sent you? I was in a hurry & just
scribbled a note along with it.
Since writing to you I was at the Willows
for two nights. I had not been there
for about 5 months. I saw great
improvements made to the place - & dear
Aunt Ebes gave me good advice about
our garden. Also the bonny fat baby
was new to me! Such a lovely one, just
as lovely as my own darling babies were!

I wanted to take him away with me
Aunt S. was up in town one day about
her teeth. Meantime Aunt Eliza & I
looked after the hens, collected the eggs etc.
Daddy is getting up steam in the studio
& crowding in his engagements. I have
to wage war against too many!
Tomorrow we are keeping John's birthday
Have invited some children & a few
grown ups - quite a small party -
& also a camper to amuse us -
How I wish you & Stef could be here -
The garden gets so good nice every day,
but the progress is v. slow - Δ
Do you still wear the supports in
y^r boots? Have y^r second pair been
returned? Do you feet perspire?
He must spend nice hols: here -
Bid will come for a week & then
Con Hill - he must live into this
house & have music & cosy company by
the fire side. How do you like the
Confirmation lectures? Tell me about
them? Have you played with Stef - with the
violin? Hear Pauli soad. bge. Very much

How I wish you & Stef could be here -
