My Pauli Boy. I have been to
5 shops to get you pants etc.
& I'm so worried not to have got
them yet - but on Monday I
shall without doubt send you the
parcel. I only hope you are keeping
on the solid ones, or borrowing
from Stephen - & just now there
is such a cold snap in the air -
The shops are out of winter
weights, & their summer weights
are too thin. But I must be successful
on Monday. I shall get one size
larger than your pattern.
What a nice 1/2 day we spent with you
both last Saturday - & how sorry we were not
to hear the finish of Step's lecture!
Mrs K. was v. friendly taking me out to

The Greenhouse & her hay flowers -
But to be with my dear Pans was what
delighted my heart -

About enquiring Mr. Lee's rooms for next
Term Speech day, will you inquire about it.
a double bed-room + a sitting-room for
one night?

As I have told Stef in my letter, Daddy left
for France yesterday - Hotel Bellevue
Caen.

The house-keeper, Miss Featherstone
arrived this afternoon. She seems nice.
I have Miss Trickett here doing work.
She has such an excellent dependable
character.

Henry came up some days ago + stayed
till late in the evening. He is looking
well, has been rowing - He brought me
some lovely violets.

Today Conny came to tea with the two Sande-
mans - such nice girls I about 10 + 12 -
also Susanna Henshel. Pat + John had a
fine time at hide + seek with them.
Good night my Pauly boy. A big
hug from Mum.
