Dear Dr Otto,

Thanks very much for your kind letter. I was very pleased indeed to meet you and the Hungarian Party which I had the honour to address in London. It was a welcome change from the ordinary duties which fall to a Member of Parliament here.

I trust that I may some other day have an opportunity of visiting your interesting country again. Please give my kind regards to all the friends I met, and accept the same your good self.

Yours faithfully,

RM5 & Davies
