My dear Mr de Lacy

I was just
leaving London when I

got your telephonic
message. I am glad
that Lacy will get
some what better conditions
and I suppose in a nursing
house he will be allowed
some freedom of visit,

It is very hard on
him and on you -

Pray give him love
much I feel for him -

and I am sure that
all his friends will
quite unaffectedly
thine persecutions
except to feel more
than ever their
regard for him. I trust
I don't think when
I shall be in London
and when I come
it will only be for a
day until the

Education bill must
the Ho of Lords
yours sincerely
Sheffield
