

TELEGRAMS
STAPLEFORD

14. August

BRAMCOTE HALL,

NOTTINGHAM.

Dear Sir.

Your wire has been
forwarded to me here where
I have been summoned to
attend my mother-in-law's
funeral. I am very sorry
Mr de Laszlo's naturalisation
has not been yet completed
& in view of the declaration of
War between England & Austria
I fear it will now be lying
up for some time. All the

necessary papers were handed
in to the Home Office
the day I received the 2 declarations.
over a fortnight ago, & I was
at the time told that
everything was in order but
owing to the fact of all
the Government Offices being
at the present moment understaffed
& overworked I could get no
progress made with the
matter though I personally
had made four visits to
the Home Office with regard
to it as soon as

war was declared with
Germany I felt it might
only be a few days before
we were at war with
Austria. Had it been
since then I have
called personally at the Office
4 or 5 times to try & get the
matter attended to. as I
feared war might be
declared against Austria
any day. but without
any success, the fact is
all the Gov. Offices have
during the last 3 weeks been
working at high pressure &

2 particularly the Home
Office owing to the fact
that by reason of the late
proclamation all aliens
have had to register
themselves -

Yours truly

Signed Jeffrey C St Quinton
